

YOUR SUMMER FUN CENTER!

Savor every moment in the summer sun! Leaving all troubles on the mainland for a piece of paradise on shimmering blue waves means everything to you and us. For more than 60 years, our mission has been to connect people with this sense of serenity through premium products designed to make waterfront living relaxing, fun, and worry-free. ShoreStation's dock systems are engineered to keep up with your lifestyle, the center of lake enjoyment.

SHORE APPEAL

Your sure-footed pursuit of a standout dock ends here! With two exceptional color combinations and superior build quality, your shorefront will have a crafted presence that lasts a lifetime. ShoreStation docks are constructed with high-quality aluminum planking and sideboards with a stunning, durable powder-coat color finish, ensuring your dock will look as timeless as a waterfront view.

THE PERFECT FIT
Whether you want more play space, seating area, or places to park your water toys, ShoreStation allows you to configure or expand your lakefront system around your lifestyle.

ENDLESS POSSIBILITIES
From the single-family home to the large marina, the ShoreStation dock offers unmatched versatility and expandability for nearly all types of lakefront property.

COMPLEMENT YOUR SHOREFRONT
Powder-coated aluminum planking and sideboards for color that lasts a lifetime.

The look and feel of our ShoreStation dock is second to none. The dock has become our 'on-the-water family room' and years later it still looks as good as the day we bought it."

ShoreStation Owner - Gull Lake, MN

Time-tested. Simplicity.

Experience total peace of mind! Live it up on a meticulously-crafted dock that's maintenance-free, safety-conscious, and can seamlessly integrate with ShoreStation Hydraulic Boat Lifts. From galvanized steel or aluminum leg frames to the stainless steel hardware, everything is designed with durability and simplicity in mind.

QUICK-AS-A-CLICK

Quickly install or relocate various ShoreStation accessories with our patented, tool-free, "Quick-as-a-Click" connector.

CONVENIENCE IN MIND

Sporting an oversized table-top, heavy-duty storage hooks, and an integrated garbage can mounting location, this ShoreStation gear tower is a must-have for any lakeshore dweller.

WORRY-FREE LANDINGS

Put your worries out-to-sea with the quick attaching dock bumper. Designed to be durable, yet flexible, to protect your craft both above and below the waterline.

The heart of your lake home.

The most versatile dock for almost any lakefront.

Each day on the lake has its rhythm, and at the heart of it all should be a dock equipped to help you set the pace. The ShoreStation dock system's unique features allow you to tap into the tempo of lake life while it stands up to the endless onrush of boats, rough water, sunlight, the kids—you name it. Rest easy, knowing you have a place where you, your family, and friends can relax and focus on more important things, like having a good time.

Safe For Everyone

Your dock needs to be safe and enjoyable for everyone. To make that happen you've got to have the details right, like the narrow width and sturdy handrails on this Aqua Step. It provides a safe route in and out of the water for kids, seniors, and dogs.

Accessories Galore

Go ahead—express yourself! The wide variety of accessories makes it easy to get creative and customize your layout. From functional items like lights, to decorative accents such as flagpoles—they're all designed to look right, fit right, and work right. That's because they're all Genuine ShoreStation!

Versatility for the Way You Live

Your dock has to be able to grow and adapt to fit your lifestyle. The modular design of Genuine ShoreStation Dock gives you the versatility to rearrange your sections and create different layouts from season to season. Add sections and new accessories as you go.

Stability = Safety

Flimsy, unstable dock can be a real hazard, so play it safe with rock-solid Genuine ShoreStation Dock. This A-Frame stance provides a wider base for a level of stability and safety you won't find in ordinary docks.

Peace of Mind

Since 1959, the ShoreStation name has stood for rugged, dependable waterfront equipment. Rest assured that these products are designed for the long haul and backed by one of the best warranties in the business.

More Time to Play

Powder-coated aluminum deck planks and sideboards. Heavy-duty galvanized or aluminum leg frames. Aluminum leg extensions. Stainless steel hardware. See anything on this list that requires regular maintenance or work of any kind? Nope... (that's kinda the idea.)

Keepin' it Simple

Everything about this dock has been engineered to be easy... Accessories mount quickly and easily without tools. Sections lock together with a simple spring-loaded pin mechanism. Leg height can be adjusted without tools. All this means is fewer headaches for you.

Leg frames available in Aluminum or Galvanized Steel.

ALUMINUM

GALVANIZED STEEL

Looks Do Matter

Okay, admit it—you have cruised around the lake checking out your neighbors' homes. You understand how a nice looking dock can make or break your lakefront. These wide sideboards and color-matched accessories create a clean, traditional look that never goes out of style.

Performance Driven Boat Lifts

Sure, ShoreStation lifts are the fastest on the market, but it's more than that. The unmatched speed, versatility and dependability translates to more time on the water. From the effortless centering of the load guides, to the reliable confidence of the boat stops, to the ease of the ShoreScreen, ShoreStation allows you to focus on the reason you came to the lake in the first place... to relax and enjoy.
